

# Curriculum Vitae

10th October 2017

## WILLIAM OSWALD

Film / Lightworks / Avid editor experienced in drama, documentary and animation for television and cinema. BAFTA Wales - Best Editing – 2002, 2009 and 2017.

[www.willedit.co.uk](http://www.willedit.co.uk)

**Email:** willoswaldfilm@hotmail.com

Specialized in television drama; single and series but experienced in feature films, comedy drama, animation (Model and cell), documentary and multi-camera sitcom. I have had the privilege of working with some extremely talent producers, writers and directors including Russell T Davies, Steven Moffat, Mark Gatiss, Chris Chibnall, Rachel Talalay and Ben Wheatley to name a few. As you will divine from the rather too long list, my cv covers everything from Shakespeare to SciFi; procedural police series to comedy; swashbucklers to domestic drama. Additional experience includes a significant in depth knowledge of CGI and other computer effects which have become more and more of use to the creators of shows. But “The play is the thing...”, and many films have been critically well received. Check out my IMDB listing [www.imdb.com/name/nm0652659](http://www.imdb.com/name/nm0652659).

Coming originally from a “real” film editing skill base it was easy to migrate to the non-linear world of Avid and Lightworks using my computer science background. On the VFX side I also have a working knowledge of Lightwave 3D modeling, After Effects and Vue Infinite Landscape modeling. In the past I’ve also designed and programmed a motion control/rostrum camera rig for BBC Wales and for a number of documentaries also created the digital rostrum camera work.

**Background:** Born Bangor 01/04/1957. Decided to become a film editor after seeing 2001: A Space Odyssey in 1969. **Education:** Graduated Queen's University Belfast B.Sc. Hons. Computer Science. Trainee Film Editor BBC Wales 1979, Assistant Film Editor BBC Wales and Granada T.V. until 1983. Founder member of Teliesyn Ltd., one of South Wales' foremost production companies running the post-production dept. In 1986 departed Teliesyn to form P.O.V. Ltd - Cardiff's premier film and video post-production company. Since June 1996 I have been a freelance film/Lightworks/Avid editor.

**Additional experience:** As a student - Director/Editor "*A Magical Quality: The National Film Studios of Ireland*", a 30 minute filmed documentary looking at the work of the studio during the period 76-79, Associate Producer/Asst. Camera "*The Boxer*" - a 70 minute drama filmed in Belfast between 1976-78, Associate Producer "*The Dream Factory*" and "*Elsewhere*" drama shorts shot in 1979 and 1998. Attended Robert McKee's "Story Structure" course - 1994.

**Additional interests:** Lecturing on editing, music (playing guitar), cinema, computers, cats. Designing a proper computer interface for nonlinear editing machines. Currently writing a students book "Cut It Like You Are Ashamed of It: Approaches to Editing".
